

J3 GREASE TRANSFER PUMP

EFFICIENT GREASE FILLING/REFILLING (J3-01)

10 Year Warranty

*conditions apply

PRODUCT OVERVIEW

The J3 Grease Transfer Pump was designed for fast, easy bulk filling of grease guns. This provides an economical solution for refilling most standard grease guns from bulk pails instead of purchasing more expensive grease cartridges.

The sealed system also keeps grease free from contamination. The J3 is ideal for refilling Macnaught's range of manual and air powered grease guns via the 9mm filler / bleeder valve.

The minilube® can be refilled from the J3 by transferring directly into the container using the follower plate as a guide.

A height adjustable lid and pump assembly offers compatibility with several different size grease pails up to 20kg.

The J3 is the best choice for high volume / low pressure grease transfer, especially in remote or on-the-job applications.

FEATURES & BENEFITS

Quick & Easy Grease Filling/Refilling

Delivers up to 54g per stroke
(Can refill a cartridge grease gun in 8 pumps)

Carry Handles

Portable, go anywhere grease transfer system

Portable Greasing System

The J3 is the best choice for high volume/low pressure grease transfer applications, especially in remote locations

Fully Repairable

Provides a much longer service life

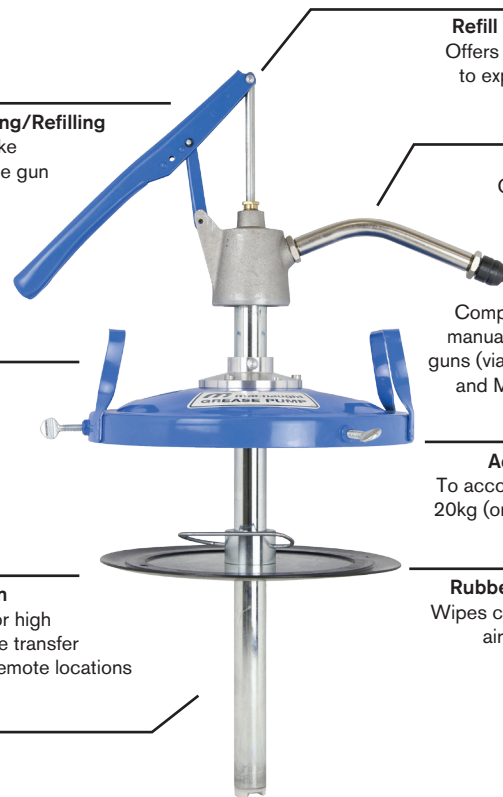

Refill From Bulk Grease Pails
Offers an economical alternative to expensive grease cartridges

Rigid Extension
Optional flexible extension available

J65 Bulk Fill Nozzle
Compatible with all Macnaught manual and air-operated grease guns (via 9mm filler/bleeder valve) and Minilube greasing systems

Adjustable Collar System
To accommodate different height 20kg (or similar size) grease pails

Rubber-Edged Follower Plate
Wipes container clean & prevents air pockets & contamination

TECHNICAL SPECIFICATIONS

Delivers up to 54g per stroke

Compatible with 20kg

(or similar size) pails

Grease viscosity up to NLGI 2

OPTIONAL ACCESSORIES

Flexible extension (KH42S)

PACKAGE INCLUDES

J3 Grease transfer pump

Lid & rubber edged follower plate

Rigid extension
